

ENTER EFFICIENCY

powered by = Solvinity

THE KEY
TO A GREAT
WORKPLACE

GET THINGS DONE.
ALWAYS. EASY. ANYWHERE.

LANGO workspace

Enter efficiency

ACCESS EVERYTHING

All applications, legacy applications included, tools and information your workforce needs to be productive, easily accessible through one browser-based desktop. Simple single sign-on offers secure access to an intuitive and personalised workspace, designed to collaborate and work without distractions. Never look further for the things you need to do your job. No matter where you are or what device you use.

HIT THE GROUND RUNNING

Make the transition to Lango Workspace. Solvinity's best practices ensure a standardised and predictable transition. Our Lango Coach will personally guide your workforce to get the best out of their new work environment. Proven technology of Office 365 by Microsoft and user focused design combine into a workspace that instantly feels like home.

A quick look at Lango Workspace

- Save time: everything you need in one place
- Stay focused: simple to use, easy to master
- Be productive: easy collaboration for quick results
- Lango Coach: high adoption rate and happy users
- Predictable transition and easy onboarding

GET A GRIP

Cloud based workspace technology combined with Solvinity Secure Managed IT Services allow for effortless control over users and data. Onboarding, provisioning, scaling and management have never been easier. Role based access policies ensure data security. Enjoy high availability, powerful performance, and the best possible user experience against predictable operational costs.

ENTER EFFICIENCY

Enjoy a turn-key public cloud workspace solution that is designed for maximum efficiency. Make sure your users always have direct access to the apps and information they need, to be effective. Lango Workspace by Solvinity is the ideal environment to ensure powerful productivity, easy collaboration and business continuity.

Get things done.

Always. Easy. Anywhere.
